Industrial Power Systems Inc. Recent Hires to their Management team

Rossford, Ohio- Industrial Power Systems (IPS), Inc., the Rossford based industrial contractor has recently hired **Beth Carr** as Business Development Manager and **Scott Horner** as Vice President-Petrochemical/Power to their management team.

Scott Horner has been hired to the position of Vice President-Petrochemical/Power. Scott's responsibilities will be to oversee our current projects while continuing our push to expand our workload in both petrochemical and utility markets. Scott started in the industry as an electrical apprentice and has since managed several million-dollar mechanical and electrical projects. He holds the state of Ohio and Michigan contractor licenses as well as Michigan Master and ISA level 1 instrumentation license. Scott has a passion for customer service and safety at the work place. Scott will report to Jeremiah Johnson, President.

Beth Carr has joined IPS as their Business Development Manager. Beth will direct the day-to-day business development and marketing functions for the corporation as well as identify and develop sales opportunities to cultivate new business. Beth is an experienced executive in marketing, sales management and business development with over 3 decade of relationship building in business, banking and not-for-profit communities. Beth will report to Jeremiah Johnson, President.
